**#5 Anti-Big Brother Act Compliance Notice**

The Anti-Big Brother Act, New Jersey Statutes Annotated (N.J.S.A.) 18A:36-39 (P.L. 2013, c.44), requires that parents/guardians of students who have been assigned a district or school owned device for use outside of school in connection with the district's academic program, must be notified and informed of the following:

**"If a school district furnishes a student with a laptop computer, cellular telephone, or other electronic device, the district shall provide the student with written or electronic notification that the electronic device may record or collect information on the student's activity or the student's use of the device if the electronic device is equipped with a camera, global positioning system, or other feature capable of recording or collecting information on the student's activity or use of the device."**

This document serves as notice that the Carlstadt-East Rutherford Regional High School District (Henry P. Becton Regional High School) will not use any of the capabilities in a manner that would violate the privacy rights of the student or any individual residing with the student while they are using the device outside of school.

Before your child is permitted to use any district owned device outside of school, you must acknowledge that you understand and accept the Anti-Big Brother act notification.

#### **School District Provided Technology Devices to Pupils**

**Feb 17**

---

Board of Education may provide technology devices to pupils in the district school district authorized use only. The purpose of this Policy is to establish general guidelines for the issuance and utilization of any school district technology device provided to pupils of this district. For the purposes of this Policy, "technology device" or "device" shall include, but not be limited to, portable devices such as computers, laptops, tablets, cellular telephones, or any other computing or electronic devices the school district provides to pupils to be used as part of their educational program.

A technology device made available to pupils will not be considered a textbook or supply, as defined in N.J.S.A. 18A:34-1, mandatory to a successful completion of the classroom curriculum. Therefore, because a technology device defined in this Policy is not mandatory to a successful completion of a pupil's classroom curriculum, a pupil will not be required to obtain a technology device provided by the school district as defined in this Policy. In the event the school district provides a technology device that is deemed mandatory to a successful completion of the classroom curriculum, the district will provide pupils with such a technology device consistent with its textbook or supply policies. Nothing in this Policy prohibits a pupil from using their personal technology device in accordance with school rules and regulations.

A technology device provided by the school district may include pre-loaded software. A pupil is prevented from downloading additional software onto the technology device or tampering with software installed on the technology device. Only school district authorized staff members may load or download software onto a school district provided technology device.

The

To receive a school district provided technology device, the parent and pupil must sign a School District Provided Technology Device Form requiring the parent and the pupil to comply with certain provisions. These provisions may include, but are not limited to:

1. A school district provided technology device must be used only by the pupil for school district authorized use;
2. A pupil shall comply with the school district's acceptable use of technology policies, which shall be attached to the School District Provided Technology Device Form, in their use of any school district provided technology device;
3. Any school district provided technology device loaned to a pupil must be returned to the school district in the condition it was initially provided to the pupil considering reasonable use and care by the pupil;
4. The parent or pupil shall be responsible to reimburse the school district the cost of any technology device that is lost, damaged beyond reasonable use or beyond its value, abandoned, missing, stolen, or cannot be returned to the district in accordance with the terms of the School District Provided Technology Device Form;
5. The district may require, or offer as an option, depending on the type of technology device provided to the pupil, an insurance policy to be purchased by the parent or pupil that would cover certain losses or damage to a technology device during the time period the pupil has possession of the device. The parent or the pupil shall pay any insurance policy required deductibles in the event of a loss;
6. In the event the school district does not require the purchase of an insurance policy for a technology device or the parent or pupil elects not to purchase optional insurance, the parent and/or pupil shall be responsible for any loss

7. or damage to the technology device in accordance with the terms of the School District Provided Technology Device Form;
8. A pupil will be required to report any hardware or software problems in the operation of the device to the school district staff member, designated on the School District Provided Technology Device Form, within two school days of the commencement of the problem;
9. A pupil must report to the school district staff member designated on the School District Provided Technology Device Form within two school days in the event the technology device has been damaged or is missing;
10. A parent or pupil is required to immediately file a police report in the event it is believed the technology device has been stolen. Within one school day after filing a police report, a parent or pupil shall complete the School District Provided Technology Device Loss Form and submit the completed Loss Form and a copy of the police report to the Principal or designee;
11. A pupil shall be required to provide routine cleaning and care of the device in accordance with school district cleaning and care guidelines;
12. The pupil shall have the technology device in their possession in school as required; and
13. Any other provisions the Superintendent of Schools determines should be included on the School District Provided Technology Device Form.

The school district will provide the pupil and parent with written or electronic notification that the technology device provided by the school district may record or collect information on the pupil's activity or the pupil's use of the technology device if the device is equipped with a camera, global positioning system, or other feature capable of recording or collecting information on the pupil's activity or use of the device. This notification shall also include a statement that the school district shall not use any of the capabilities in a manner that would violate the privacy rights of the pupil or any individual residing with the pupil. parent shall be required to acknowledge receipt of this notification and the parent acknowledgement shall be retained by the Principal or designee for as long as the pupil retains the use of the school district provided technology device. The parent

acknowledgement and a signed School District Provided Technology Device Form shall be required before the issuance of a technology device to a pupil. In accordance with the provisions of P.L. 2013, Chapter 44, a school district failing to provide this notification shall be subject to a fine of \$250 per pupil, per incident. The fine shall be remitted to the New Jersey Department of Education, and shall be deposited in a fund that shall be used to provide laptop or other portable computer equipment to at-risk pupils as defined in N.J.S.A. 18A:7F-45.

Pupils shall comply with all school district policies for the use of a school district provided technology device. A pupil shall be subject to consequences in the event the pupil violates any school district policy, including the district's acceptable use policies; pupil code of conduct; any provision of this Policy; or any provision of the School District Provided Technology Device Form.

### **ACCEPTABLE USE OF COMPUTER NETWORK/COMPUTERS AND RESOURCES**

Sep 12

---

The Board of Education recognizes as new technologies shift the manner in which information is accessed, communicated and transferred; these changes will alter the nature of teaching and learning. Access to technology will allow pupils to explore databases, libraries, Internet sites, and bulletin boards while exchanging information with individuals throughout the world. The Board supports access by pupils these information sources but reserves the right to limit in school use to materials appropriate to educational purposes. The Board directs the Superintendent to effect training of teaching staff members in skills appropriate for analyzing and evaluating such resources as to appropriateness for educational purposes.

The Board also recognizes technology allow pupils access to information sources that have not been pre-screened by educators using Board approved standards. The Board therefore adopts the following standards of conduct for the use of computer networks and declares unethical, unacceptable or illegal behavior as just cause for taking disciplinary action, limiting or revoking network access privileges and/or instituting legal action.

The Board provides access to computer network/computers for educational purposes only. The Board retains the right to restrict or terminate pupil access to the computer network/computers at any time, for any reason. School district personnel will monitor networks, online activity to maintain the integrity of the networks, ensure their proper use, and ensure compliance with Federal and State laws that regulate Internet safety.

## Standards for Use of Computer Networks

Any individual engaging in the following actions when using computer networks/computers shall be subject to discipline or legal action:

- A. Using the computer network(s)/computers for illegal, inappropriate or obscene purposes, or in support of such activities. Illegal activities are defined as activities that violate federal, state, local laws and regulations. Inappropriate activities are defined as those that violate the intended use of the networks. Obscene activities shall be defined as a violation of generally accepted social standards for use of publicly owned and operated communication vehicles.
- B. Using the computer network(s)/computers to violate copyrights, institutional or third party copyrights, license agreements or other contracts.
- C. Using the computer network(s) in a manner that:
  1. Intentionally disrupts network traffic or crashes the network;
  2. Degrades or disrupts equipment or system performance;
  3. Uses the computing resources of the school district for commercial purposes, financial gain or fraud;
  4. Steals data or other intellectual property;
  5. Gains or seeks unauthorized access to the files of others or vandalizes the data of another person;
  6. Gains or seeks unauthorized access to resources or entities;
  7. Forges electronic mail messages or uses an account owned by others;
  8. Invades privacy of others;
  9. Posts anonymous messages;
  10. Possesses any data which is a violation of this Policy; and/or
  11. Engages in other activities that do not advance the educational purposes for which computer networks/computers are provided.

## Internet Safety/Protection

As a condition for receipt of certain Federal funding, the school district shall be in compliance with the Children's Internet Protection Act, the Neighborhood Children's Internet Protection Act, and has installed technology protection measures for all computers in the school district, including computers in media centers/libraries. The technology protection must block and/or filter material and visual depictions that are obscene as defined in Section 1460 of Title 18, United States Code; child pornography, as defined in Section 2256 of Title 18, United States Code; are harmful to minors including any pictures, images, graphic image file or other visual depiction that taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or depicts, describes, or represents in a patently offensive way, with respect to what is suitable for minors, sexual acts or conduct; or taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

This Policy also establishes Internet safety policy and procedures in the district as required in the Neighborhood Children's Internet Protection Act. Policy 2361 addresses access by minors to inappropriate matter on the Internet and world wide web; the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications; unauthorized access, including "hacking" and other unlawful activities by minors online; unauthorized disclosures, use, and dissemination of personal identification information regarding minors; and measures designed to restrict minors' access to materials harmful to minors.

Notwithstanding blocking and/or filtering the material and visual depictions prohibited in the Children's Internet Protection Act and the Neighborhood Children's Internet Protection Act, the Board shall determine other Internet material that is inappropriate for minors.

In accordance with the provisions of the Children's Internet Protection Act, the Superintendent of Schools or designee will develop and ensure education is provided to every pupil regarding appropriate online behavior, including pupils interacting with other individuals on social networking sites and/or chat rooms, and cyberbullying awareness and response.

The Board will provide reasonable public notice and will hold one annual public hearing during a regular monthly Board meeting or during a designated special Board meeting to address and receive public community input on the Internet safety policy - Policy and Regulation 2361. Any changes in Policy and Regulation 2361 since the previous year's annual public hearing will also be discussed at a meeting following the annual hearing.

## Consent Requirements

No pupil shall be allowed to use the school districts' computer networks/computers and the Internet unless they have filed both the consent form and the *Electronic Access User Agreement Form* signed by the pupil and his/her parent(s) or legal guardian(s).

## Violations

Individuals violating this Policy shall be subject to the consequences as indicated in Regulation 2361 and other appropriate discipline, which includes but are not limited to:

1. Use of the network only under direct supervision;
2. Suspension of network privileges;
3. Revocation of network privileges;
4. Suspension of computer privileges;
5. Revocation of computer privileges;
6. Suspension from school;
7. Expulsion from school; and/or
8. Legal action and prosecution by the authorities.
