

The Mickey Corcoran Scholarship Fund Application

The Mickey Corcoran Scholarship Fund was established in the name of the late Mickey Corcoran. He was a coach, teacher, athletic director, referee, and leader in the Bergen County high school sports scene for over 70 years. This scholarship will recognize one male and one female student athlete who embodies the very characteristics by which Mickey lived his life.

Those characteristics would include showing respect to teammates, opponents, officials and coaches. The applicant should be of high moral character and should be extremely coachable. Mickey felt that the greatest classrooms for a student athlete are the courts and fields of athletic competition. It is through athletic competition that the participant is taught lessons not found in the classroom but which are essential in achieving academic success.

Mickey was an extreme giver and therefore we wanted these scholarships to be generous. The amount of this scholarship will be \$3,000 to one male and one female student athlete who meet our criteria. The application provided includes the criteria.

Please note the change in the submission process.

Applications can be submitted via email to the following address:
